

Union of the Strong

Freedom Call

Jump and carry on
Ride on, for the union of the strong
Raise your hands
Hail for everyone
Jump and carry on Raise your hands
Hail for everyone
Jump and carry on You're gonna be the master of the night
You're gonna be the last one who will die
Before the time will change for everyone
It's time for us to fly away
Far, to heaven's gate
And a shining starlight leads our way saves us from despair The kingdom come (ooh)
Raise the crown (ooh)
Come with us Jump and carry on
Ride on, for the union of the strong
Raise your hands
Hail for everyone
Jump and carry on Calling for the master of our fate
Calling his number or create a sign
Which lead us to eternity
It's to time for us to ride away
High up to heaven's gate
And a shining starlight leads our way saves us from despair The kingdom come (ooh)
Raise the crown (ooh)
Come with us Jump and carry on
Ride on, for the union of the strong
Raise your hands
Hail for everyone
Jump and carry on For the union of the strong
Raise your hands
Hail for everyone
Raise your hands
Hail for everyone For the union, for the union
Raise your hands
For the union, for the union
Hail for everyone
For the union, for the union
Raise your hands
Raise the crown for everyone Jump and carry on

Ride on, for the union of the strong
Raise your hands
Hail for everyone
Jump and carry onFor the union of the strong
Raise your hands
Hail for everyone
Jump and carry on
Ride on, for the union of the strong
Raise your hands
Hail for everyone
Jump and carry onRaise your hands
Hail for everyone
Raise your hands
Hail for everyone
