

# Dance the Night Away

## The Munsons

People get the wrong impression  
I wonder if they change their minds  
It's an understated sign  
Tell me how you see me again  
Now we're swinging to the time  
It's a meeting of the minds  
It's all oh unbelievable, yay  
Look to play it, how we say it  
If you're meaning to delay it, hang on  
'Cause we're moving all around, yeah  
Now it's up when the party's over  
And we want to free our minds  
Now I'm telling you there's no hurry  
Uh huh, 'cause we're choosing to groove  
It's so cool to dance the night away  
(Aye, whoo!)

I choose to live a good life  
Have a good time and enjoy the ride  
Turn it up, break it down, move on  
High times took a good turn  
Spinnin' it around 'cause you got to learn  
To rectify, justify this song  
Now we're swinging to the time  
It's a meeting of the minds  
It's all, oh unbelievable  
(So, so)

Look to play it how we say it  
If you're meaning to delay it, hang on  
'Cause we're movin' all around  
Now it's up when the party's over  
(When the party's over)  
And we want to free our minds  
(We gotta get all down)  
Now I'm telling you there's no hurry  
(Huh uh)

'Cause we're choosing to groove  
It's so cool to dance the night away  
(Aye, way)  
Now it's up when the party's over

And we want to free our minds  
Now I'm telling you there's no hurry

(Huh uh)

'Cause we're choosing to groove  
It's so cool to dance the night way  
Now it's up when the party's over

(Whoo!)

And we want to free our minds  
Now I'm telling you there's no hurry

'Cause we're choosing to groove  
It's so cool to dance the night away

(Aye, aye, aye)

Dance the night

Dance the night

Dance the night away

Dance the night

Dance the night

Dance the night away

Dance the night

Dance the night

Dance the night away

Dance the night

Dance the night

Dance the night away

Dance the night
