

Get It (DT)

Big Sean

[Intro: Big Pharrell]

Yo! It's money time!

Yezzir..[Hook: Pharrell]

I'm tryna stuff em until I can't fit no more

I'm talking Donald Trump level

I'm trying to get these dreams off the ground

All aboard for the shuttle

All the hoes, screaming "ho!"

That nigga go, go for the gold[Verse 1: Big Sean]

Okay, "B-I, B-I", bitch I do it to death

If I come in with half, bet I leave with the rest

OK, you might be cool getting 50%

I'm like "what you doing? I need Diddy's percent!"

Got a million on line 1 and another mil' dialing in

Momma on line 4, telling me how much not to spend

'Ye on line 3 telling me how we 'bout to win

You on hold tryna get conferenced in

I just, I just gotta have it, imagine making it happen

I prayed about it then grabbed it

My life is a f-cking movie, the baddest bitches get casted

I'm in a race with myself to see who could get it the fastest

Sipping on shit older than me

The warmer the weather, the colder the drink

The colder the weather, the warmer the mink

I'm living life like a found a f-cking check with no ink

I get it[Hook: Pharrell]

I'm tryna stuff em until I can't fit no more

I'm talking Donald Trump level

I'm trying to get these dreams off the ground

All aboard for the shuttle

All the hoes! Screaming "ho!"

That nigga go, go for the gold (hey)

Get it, get it, nigga we can get it

Get it, get it, nigga you can get it

Get it, get it, nigga I can get it

Yea, Yea, my nigga we can get it[Verse 2: Big Sean]

Whoa! The sky never seemed so low

Looking at her like "you never seemed so close"

I had a dream about a trillion in cash

It's time to make it happen!
I'm back to dreaming what you can't imagine
Talking cash, you gotta fake an accent
I've broke enough tree down that I could make a cabin
Look, I turn all my problems to ash
All my wants into have's
And then divide it by half
Pass it on to my man, write my will out then
Pass it on to my fam and finally become a man
I had a dream I was greatest of all time
Greatest of all Big's, greatest of all Sean's
Sipping on shit older than me
The warmer the weather, the colder the drink
The colder the weather, the warmer the mink
I'm living life like a found a f-cking check with no ink
I get it[Hook: Pharrell]
