Timeless

Graveworm

Forget the time, forget this place
'cause we are here to damage your face
Just close your eyes
Across the ocean, across the land
Mysterious things, and the name of a band
Just close your eyes and give me your hand[-Chorus-]
Are you ready? Are you ready?
To hear this song, for so long?
This is our time - believe in me
We're playing you feel freeYou hear us everywhere - near and far
In the galaxy - on every star
Just close your eyes
Ready to rumble, ready to crash
Today we're gonna smash
Just close your eyes and give me your hand[-Chorus-]Give me your faith![-Chorus-]
