## **Timeless**

## Graveworm

Forget the time, forget this place
'cause we are here to damage your face

Just close your eyes

Across the ocean, across the land

Mysterious things, and the name of a band

Just close your eyes and give me your hand[-Chorus-]

Are you ready? Are you ready?

To hear this song, for so long?

This is our time - believe in me

We're playing you feel freeYou hear us everywhere - near and far

In the galaxy - on every star

Just close your eyes

Ready to rumble, ready to crash

Today we're gonna smash

Just close your eyes and give me your hand[-Chorus-]Give me your faith![-Chorus-]
