Do Better (James Figurine Mix)

Say Anything

Life is not a spark in space
An episode of Will & Grace
Controversial yet mundane
Debra's messing with your brainEven scientologists
Know there's more to all of this
Search the ruins for trap doors
Wonder what you're put here forSimple as a hint of gas
Climbing nostrils as you pass
Making Harvard graduates feel childish when they laugh at itClimb the rungs to kingdom come
Sour patch to acid tongue
Are you opposed to having fun you clench the world between your bunYou could do better
You could do better
You could be the greatest man in the world (woah!)
You could do better
You could do better
You could be the greatest man in the world (woah!)Your life is always the post of something else
Where's the present?
The way that you present yourself
And it's disgusting how little that you try
The existential equivalent of pink eyeDrink alone and watch TV
Your'e expecting harmonies
To tap yout tune with silver spoons
The anthem of impending doomGuiding Satan's steady hand
Forcing Beatles to disband
It's eco-freaks and drama queens
The young at heart know what I meanYou could do better
You could do better
You could be the greatest man in the world (woah!)
You could do better
You could do better
You could be the greatest man in the world (woah!)You could do better
Better than that
You're a fraud
Thank god you learnt to keep your shirt on
You could do better
You could do better
You could be the greatest man in the worldYou burn so brightly
You burn so brightly in the dark
You burn so brightly

You burn so
You burn soYou could do better
You could do better
You could be the greatest man in the world (woah!)
You could do better
You could do better
You could be the greatest man in the world (woah!)You could do better
Better than that
You're a fraud
Thank god you learnt to keep your shirt on
You could do better
You could do better
You could be the greatest man in the world (woah!)
You could do better
You could do better
You could be the greatest man in the world (woah!)
We could do better
We could do better
We could be the greatest band in the world (woah!)
