

Do Better (James Figurine Mix)

Say Anything

Life is not a spark in space
An episode of Will & Grace
Controversial yet mundane
Debra's messing with your brain Even scientologists
Know there's more to all of this
Search the ruins for trap doors
Wonder what you're put here for Simple as a hint of gas
Climbing nostrils as you pass
Making Harvard graduates feel childish when they laugh at it Climb the rungs to kingdom come
Sour patch to acid tongue
Are you opposed to having fun you clench the world between your bun You could do better
You could do better
You could be the greatest man in the world (woah!)
You could do better
You could do better
You could be the greatest man in the world (woah!) Your life is always the post of something else
Where's the present?
The way that you present yourself
And it's disgusting how little that you try
The existential equivalent of pink eye Drink alone and watch TV
You're expecting harmonies
To tap your tune with silver spoons
The anthem of impending doom Guiding Satan's steady hand
Forcing Beatles to disband
It's eco-freaks and drama queens
The young at heart know what I mean You could do better
You could do better
You could be the greatest man in the world (woah!)
You could do better
You could do better
You could be the greatest man in the world (woah!) You could do better
Better than that
You're a fraud
Thank god you learnt to keep your shirt on
You could do better
You could do better
You could be the greatest man in the world You burn so brightly
You burn so brightly in the dark
You burn so brightly

You burn so
 You burn so You could do better
 You could do better
 You could be the greatest man in the world (woah!)
 You could do better
 You could do better
 You could be the greatest man in the world (woah!) You could do better
 Better than that
 You're a fraud
 Thank god you learnt to keep your shirt on
 You could do better
 You could do better
 You could be the greatest man in the world (woah!)
 You could do better
 You could do better
 You could be the greatest man in the world (woah!)
 We could do better
 We could do better
 We could be the greatest band in the world (woah!)
