Don't Let Go

YOHIO

Take my hand and walk with me
I wanna show you that this life we live
Is more than you can see
Tonight I want you to feel free, yeah
Tonight I want you to rely on me
Like it's supposed to beYou know I miss you
Baby I miss you
I never thought I'd dare to shout it out
You know I miss you
I wanna see you nowDon't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with you
Don't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with youThere's no reason to be shy
'Cause if you stay with me I promise you
You'll never have to cryYou know I miss you
Baby I miss you
You stole my heart and I don't want it back
You know I miss you
I wanna see you nowDon't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with you
Don't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with youNever felt this way before
But how can I be so sure

that you won't leave me outside your door
Oooooh
You're the only one for me
Just how long will it take you to see?
This world was made for you and meDon't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with you
Don't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with youDon't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with you
Don't let go
'Cause I'll never leave you
Don't let go
'Cause I wanna be there for you
And I know that you want it too
Tonight I'm gonna be with you
