My God

Patrice W. Kabore

My God, my God
Why have You forsaken me?
And I cannot find the light
And I'm constantly running from Thee
My God, my God
Heal this sin-stained soul
I give my life to You
Take me and make me whole
Oh, You are the way, the truth and the life
Burn over me, Lord, send Your might
Oh, I can't nothing without You
With Your strength, this dark night I'll get through
I'll get through
My God, my God
Heal this sin-stained soul
Give my life to You
Take me and make me whole
God, my God
I'm lost and so alone
Drowning in a sea of desolation
Help me find, help me find my way back home
Oh, You are the way, the truth and the life
Burn over me, Lord, send Your might
Oh, I can't nothing without You
With your strength, this dark night I'll get through, yeah
I'll get through
My God, my God, my God
I know You're not forsaking me
But, cannot find the light
And I'm and I'm constantly running from Thee
My God, my God
I'm lost and so alone
Drowning in a sea of desolation
Help me find, help me find my way back home
My God
Oh, you are the way, the truth and the life
Burn over me, Lord, send Your might
Oh, I can do nothing without You
With your strength, this dark night I'll get through

I'll get through
Get through
