We Are Electric (Hot Chip Remix)

Fischerspooner

Some say we are all made of flesh and blood
But I know we're more than that
Don't say we are only flesh and blood
'Cause I know we're more than thatWe
We are electric
We
We are electric
We
We are electric, ohWhat a piece of work is a man
I know we're more than that
What makes us all burn to shine
Learn to shineWe
We are electric
We
We are electric
Oh, we
We are electric, oh
