

Red Socks Pugie (Henrik Schwarz Remix)

Foals

In context

She said these terminals once again
Wasp's nests, these terminals once again
These heart swells, these contacts in your hand Oh hell, no these vessels
Our heart swells up these vessels
Our heart swells up which make us explode Oh hell, no these vessels
Our heart swells up which welcome
These heart swells up which make us explode Oh, what the hell we should have said no
Oh hell, we should have said no
Heart swells which make us explode She said these wasp's nests in your head
These wasp's nests, these contacts in your head
Once again We could set it on fire for them
We could set it on fire for them
We could set it on fire for them
We could set it on fire for them Oh hell, no these vessels
Our heart swells up which welcome
These heart swells up which make us explode Oh, what the hell we set it on fire
Oh hell, we set it on fire
Heart swells which make us explode Oh hell, no these vessels
Our heart swells up these vessels
Our heart swells up which make us explode Oh, what the hell we set it on fire
We set it on fire, we set it on fire.
