

# The Masses Against the Classes

## Manic Street Preachers

Hello, it's us again  
We're still so in love with you  
And yes, we mean it too  
Yes, we're so in love with youHello, it's us again  
You thought you were our friends  
Success is an ugly word  
Especially in your tiny worldThe masses against the classes  
I'm tired of giving a reason  
When the future is what we believe in  
We love the winter, it brings us closer togetherSo can you hurt us any more?  
Can you feel like it was before  
Or are you lost for evermore?  
Messed up and dead on alcoholHello fond farewell, my dear  
I hope you hear this nice and clear  
Our love is unconditional  
Our hate is yours to feed uponThe masses against the classes  
I'm tired of giving a reason  
When the future is what we believe in  
We love the winter, it brings us closer togetherThe masses against the classes  
I'm tired of giving a reason  
When we're the only thing left to believe in  
We love the winter, it brings us closer together
