

Red Martians Redux

Patent Pending

Well I've been walking for so long
in the pouring rain,
and now I'm singing love songs
to keep away the pain,
because I know your leaving
but I don't know why,
but I know I'll never get you back
so I guess I guess that I won't try,
won't TRYYY

The secrets you've been keeping
inside your head (inside your head)
The times that you had hurt me
with things you said (things you said)
And now I know your leaving
but I don't know why
but I'm awfully glad it's raining
This way you can't see me cry.
So now I'll try my best to,
to forget the past
another hopeless romance
that I thought would last
because you used me up
and pushed me to the side,
now I know I'll never get you back,
so I guess I guess that I won't try,
won't TRYYY

The secrets you've been keeping
inside your head (inside your head)
The times that you had hurt me
with things you said (things you said)
And now I know your leaving
but I don't know why but
Im awfully glad it's raining
This way you can't see me cry.

Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
