

Baby Doll

The Fratellis

Baby doll
Do you believe they'll catch you when you fall?
And when morning comes
The sun is gonna shine Don't forget your minor key's
Your half lit cigarette
'Cause when morning comes
God knows that you'll be mine So let me in
I'm ready to beg and to sing for my sins
Not leave it to chance and sweet coincidence
Well, that's just crazy and you know it's true Well, they said you was long gone
I just laughed and said alright bring her home tonight
And I heard you was graciously put on
I just laughed and said good night, guess it's alright Baby doll
The men who hang like flowers in you're hall
Are asking when
Your love is gonna show And who knows why
The love you need will always pass you by
Well, I heard it's true
Your love is gonna grow So let me know
'Cause I can stay or honey I can go
Just to wherever you tell me so
And find my place there and there I'll stay Well, they said you was burned out
I just laughed and said come on, she's not burned she's just gone
And it took me too long till I found out
Faces that you know the best oh well, I guess And they laughed when you said you was leaving
Everybody knows you well except for me, can't you tell?
And you watched from the wings of the late show
Roses by your feet are red for me you said Baby doll, baby doll, baby doll, baby doll
Baby doll, baby doll, baby doll, baby doll
