Safe In My Hands

Eli Lieb

Always standing just outside of the circle
And no one let you in, blame it on yourself
But you're looking at the mirror through a broken windowShut it out all the noise that you let in
Let it go just fade away, if you could only see
There's only light where think there's shadowIn the night, every road you take
In the night, brings you back to me
And you stand alone, I'm right hereSo take my hand, don't be scared
We can go anywhere
You don't have to run, you don't have to hide,
Cause I got you,
Safe in my hands,
Safe in my handsHolding you close and I don't care who's watching
Let the street lights guide the way
Tell me times will change
They won't look at us like we're broken, astrangeIn the night, every road you take
In the night, brings you back to me
And you stand alone, I'm right hereSo take my hand, don't be scared
We can go anywhere
You don't have to run, you don't have to hide,
Cause I got you,
Safe in my hands,
Safe in my hands
Safe in my handsSo take my hand, don't be scared
We can go anywhere
You don't have to run, you don't have to hide
Cause I got youI pull you close, let them stare,
I'm with you I don't care
You don't have to run, you don't have to hide
Cause I got you safe in my hands
Safe in my hands,
Safe in my hands,
Safe in my hands.
