America 2: Disingenuous

Stutter

What do you want to hear?
(You don't fucking know)
The truth? Sincerity?
(The truth is bought and sold)
Money tempts integrity
(How deep do your pockets go)
Bias and selling fear
(You'll do what your told)

(Chorus)
Where do we go?
No body knows
Don't you believe them
There selling us lies
In front of our eyes
Don't you believe them
Yeah

Television tells you lies
(Depends on your side)
Why can't it give it straight
(Their interests aren't you)
When will it be enough
(Shut their fucking mouths)
Rise up and shut it down
(Let's burn it to the ground)

(Chorus)
