Side by Side

Lukas Rieger

[Verse 1]
I believe in savin' miracles
I've watched the past, so little do you know
We've learned from all our problems, we've made mistakes, I know
But second chances only come with hope (hope)[Pre-Chorus]
Been a long while, but you never now
This time, we won't let it go
If we do what we do
Then we know we'll always make it through
We're ready for more, so we're letting go
This is what we're living for
Like the stars in the sky, wanna light up each other's soul[Chorus]
'Cause there is nowhere
I'd rather be right in this moment
With people that keep me goin'
Living our life like it's golden
We're getting ready for the night
The sun goes down and we ignite
This is our time, nothing can stop us now
We're side by side[Hook/Drop]
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side[Verse 2]
As we watch the dawn, we feel alive
All our troubles drowning out of sight
We'll celebrate the night
And turn our wrongs to right
There's no limit as long as we're side by side[Pre-Chorus]
Been a long while, but you never now
This time, we won't let it go
If we do what we do
Then we know we'll always make it through
We're ready for more, so we're letting go
This is what we're living for
Like the stars in the sky, wanna light up each other's soul[Chorus]

'Cause there is nowhere
I'd rather be right in this moment
With people that keep me goin'
Living our life like it's golden
We're getting ready for the night
The sun goes down and we ignite
This is our time, nothing can stop us now
We're side by side[Hook/Drop]
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
Now we're side by side
