Higher

Jesse James Dupree

Feelings getting stronger
Feelings getting longer too
Music's still a blast to me
Why don't ya now, don't ya

Now don't ya want to get higher
Don't ya want to get higher
Well baby baby baby light my fire
I want to take you higher

Boom shaka laka laka
Boom shaka laka laka
The beat is getting pretty
Beat is in your city too

Still a blast to me
Now don't ya, now don't ya
Now don't ya want to get higher
Don't ya want to get higher

Baby baby baby light my fire
I want to take you higher
Boom shaka laka laka
Boom shaka laka laka

Hey hey hey hey
Take a down say hu
Want to take you higher
Don't you want to get higher

Baby baby baby light my fire
I want to take you higher
Higher
Boom shaka laka laka

Boom shaka laka laka
Hey hey hey hey
Music getting stronger
Music's still a blast to me

Don't you want to get higher
Want to take you higher
Baby baby baby light my fire
I want to take you higher

Higher
Don't ya want to get higher
Baby baby baby light my fire
I want to take you higher

Higher
Boom shaka laka laka
Boom shaka laka laka
Hey hey hey hey
