

Too Much of Everything

Corneille

You're too much of everything
And I'm just a man
But you're so many other things
That only I understand
You're too much of everything
And I'm just a man
But I love you like no other can
If I could be perfect
Only to match one half of you
Then I would be perfect
But with nothing else left to prove to you
How could I deserve you?
If I was nothing but beautiful
Inside and out my past included
Now, wouldn't that be wonderful?
But I wouldn't have cried and sweated to earn it
To deserve it
They say a woman is closer to perfect than a man could ever be
If there's any truth to that then you were born way ahead of me
Plus, you grew to become more than a woman
But this love is gonna make me
Work myself up to you
To work myself up to the best of me
