

Julia

Go Back to the Zoo

hen she walked through the room with her cool blue eyes,
I knew it had to be tonight.
Cause I'm up so many nights for someone like you,
A fortune it is hard to find.
She said: "I'm sick of this city, because everybody dresses the same. I'm so sick of this place. Let's find a car
and drive away." Julia (who oh).
I'm gonna take you away from here.
Julia (who oh).
We're gonna run, run, run, run, run run!
