

# Let The Redeemed

Hezekiah Walker

Freedom's song is loudest if you have lived a life of chains  
And grace is so amazing in the middle of your shame  
Hope burns at it's brightest when the night has been too long  
A father's arms so welcome when you have been so far from home  
He who has been forgiven much loves much in return

Let the redeemed declare it "Look what God has done!"  
Tell of his endless mercy and his everlasting love  
Let the redeemed declare it "Name above all names lavish him with grace"  
Let the redeemed

Arms of love feel strongest when you have been all alone  
Faith is so surprising when fear is all you've known  
Forgiveness kiss tastes sweetest when you have all but lost your way  
Life is so much sweeter when you have looked death in the faces  
One once lost has now been found the dead now live again

Let the redeemed declare it "Look what God has done!"  
Tell of his endless mercy and his everlasting love  
Let the redeemed declare it "Name above all names lavish him with grace"  
Let the redeemed

Sing of his mercy sing of his grace  
Tell of his kindness lift high his name

Let the redeemed declare it "Look what God has done!"  
Tell of his endless mercy and his everlasting love  
Let the redeemed declare it "Name above all names lavish him with grace"  
Let the redeemed  
Let the redeemed  
Sing aloud
