You're out of your mind

Cuts show nothing at all Scars show nothing at all

(You're out of your mind)

Cuts show nothing at all Scars show nothing at all Damage shows nothing at all

You're out of your mind

Carnage here to see
Damage here to feel
Bruised and bashed you're done

(You're out of your mind)

Thrown and thrashed you're done
Rob from always on the run dot net is so bad and copy paste is a sin
You really got nothing to see
You really got nothing to say

Come on and break us down
Come on and break us down
Come on and make this easy
Come on and make this easy for me

Leaving me wrecked inside Turning the outside broken Tell everyone it's bright Tell everyone it's open

You're out of your mind You're out of your mind You're out of your mind

Come on and freak us out Come on make us crazy Come on, you're freaking us out Come on, you're driving me crazy

Pulling me back inside Leaving me dark and distant Pulling me back inside Leaving me dark and distant

You don't have a prayer in sight You're out of your rotten mind You don't have a hope or a prayer now You're out of your twisted rotten mind

> You're out of your mind You're out of your mind You're out of your mind You're out of your mind
