

# In Your Corner

Stevie Wonder

I hear tell there's big fun tonight  
On the corner of Main and Dog-Meat-Bite  
Friday midnights would not be right  
Without Redd's hot party and a nasty fight But I'll be in your corner  
I'll be in your corner, if they do  
I'll be in your corner  
I'll be in your corner, if they do You can't renege cause its goin' be live  
Fine women, lots of liquor and stuff for your mind  
Now where we're goin' they don't like your kind  
But they'll cool when you tell them you're a friend of mine Cause I'll be in your corner  
I'll be in your corner, if they do  
I'll be in your corner  
I'll be in your corner, if they do You can't tell your pa and mama  
Where we're goin' til after we've been there  
Cause that might make their poor heads worry  
And worrying can cause grey hair  
And one thing just might lead to another  
And if there's any trouble they'll blame it on me I think we just might have two to go  
The pretty's lookin' over here from the middle of the floor  
We'll make a be-line to Hotel La Sin  
Where you'll do the talkin 'to get us in And I'll be in your corner  
I'll be in your corner, if they do We should a been long gone 'cause this place is hot  
Cause in the corner there are two brothers who are undercover cops  
If they stop us for questioning mum is the word  
Cause a question not answered is a answer not heard And I'll be in your corner  
I'll be in your corner, if they do  
I'll be in your corner  
I'll be in your corner, if they do You can't tell your pa and mama  
Where we're goin' til after we've been there  
Cause that might make their poor heads worry  
And worrying can cause grey hair  
And one thing just might lead to another  
And if there's any trouble they'll blame it on me
