Think of Me

Dylan Matthew

Hello
It's nice to meet you I'm here
For the show
I guess you are too, you can stand with me
Talk for hours, we'll see
If you really like the band that has their name on your tee.

I wish you could see me
I wish I could feel you
You tell me your heart hurts
You don't know mine does too
This is all that I have
The music and romance
So be my melody
Please, just give this a chance

I Know that you are with him but I can treat you better
I just have one question
Do you ever even think of me?
Do you think of me?
Do you think of me?

Don't tell me you're with him
I do not understand
Why the perfect ones are always in relationships
I could never make you stay
I could never take his place
It's so obvious, that all I want to say is.

I wish you could see me
I wish I could feel you
You tell me your heart hurts
You don't know mine does too
This is all that I have
The music and romance
So be my melody
Please, just give this a chance

I Know that you are with him but I can treat you better
I just have one question

Do you ever even think of me?
Do you think of me?
Do you think of me?

I Know that you are with him but I can treat you better
I just have one question
Do you ever even think of me?
Do you think of me?
Do you think of me?
