

Take It Away

Slash's Snakepit

You and I have been playin' this game for so damn long
And I don't know why these cards are too old
So I'm gonna fold
Bye-bye, bye-bye, bye-bye, yeah Party's over and all our friends are gone
Was it somethin' I said?
Did we have too much fun?
Guess you missed it, look around It's never you who's to blame for bringin' everyone down
It's never you who's to blame for setting the stage
You want it your way, come, c'mon, c'mon Why don't you take it away? Take it away
Come on and take it away, take it away
Take it away, take it away
Why don't you take it away? Take it away Bad rumors goin' round
Nothin' said from my mouth
Why would you think, it's you?
It's hittin' too close to home now Is it me or you who carries the weight
To deal with your pain?
And don't you hate it too?
It smothers and drains all the same Come, take it away, take it away
Why don't you take it away? Take it away
Why don't you take it away? Take it away
C'mon and take it away, take it away C'mon and take it away, take it away
Why don't you take it away?
C'mon and take it away, take it away
C'mon and take it away You and I have been doin' the time
For all of your crimes and I don't know why
It don't make sense, it seems such a waste of time
Bye-bye, bye-bye, bye-bye C'mon and take it away, take it away
Why don't you take it away?
C'mon and take it away, take it away
C'mon and take it away Take it away, take it away
Why don't you take it away?
Take it away, take it away
Why don't you take it away?
