Human Race

Three Days Grace

I don't belong here
Not in this atmosphere
Goodbye, goodbye, goodbye
I don't belong here
Not in this atmosphere
Goodbye, goodbye, goodbyeStarted with a kick and a punch
A claw to the face
And I was in the race
I was in the race
Yeah
yeahYou know it's hard sometimes
Being humankind
Keeping up with the pace
Keeping up with the pace
Yeah
yeahI'm sick of running
Sick of running
Sick of running
The human race
The human raceIf it's an eye for an eye
Then we all go blind
Is it hard to see?
Is it hard to see?
Yeah
yeahSo far behind
No finish line
It can happen to you
It can happen to me
YeahI don't belong here
Not in this atmosphere
Goodbye, goodbye, goodbye
I don't belong here
Not in this atmosphere
Goodbye, goodbye, goodbyeStarted with a kick and a punch
A claw to the face
And I was in the race
I was in the race
YeahThe human race
I'm sick of running

Sick of running
Sick of running
The human race
The human raceI don't belong here
Not in this atmosphere
Goodbye, goodbye, goodbyeI don't belong here
Not in this atmosphere
I don't belong here
Not in this atmosphere
Goodbye, goodbye, goodbye
