My Old Man

Outlandish

If they try
If they try to shut you out
stay by my sideIf I cry
If I cry you say
to hold your head up highDaddy used to struggle from the start
Never giving up
...Run al lie
Bring that money home
Boy don't cry
No limit to the skyHold on, hold on to the rope
That's our only hope
...That what you taught me, papa
No need to say
I see it in your faceThat what you taught me
That what you taught me
That what you taught me, papa
No need to say
I see it in your face
