

# Everywhere I Go

[Amy Grant](#)

I was wasting time  
Oh so sure to find somebody  
Who'll never go  
How could I know  
None I'd found was true  
None could be but you  
The only one love divine  
My heart, my mind are yours[Chorus]  
Everywhere I go  
I see your face through the crowd  
Everywhere I go  
I hear your voice clear and loud  
Everywhere I go  
You are the light that I seek  
Everywhere I go  
You have found meWhere could my heart go  
Where you wouldn't know to find me?  
Far, far from here  
Still you are near to me[Chorus]I have seen you in the evening  
In the morning light you hold me  
Closer than the air around me  
You surround me alwaysEverywhere I go  
I see your face through the crowd  
I hear your voice clear and loud  
You are the light that I seek  
You have found me[Chorus: Repeat x3]
