Justice Not Politics

The Business

Newspapers, magazines, jobs galore
Middle class students, oh, what a bore
Designer labels trendy post codes
Putting Charlie up your noseBrand new cars take a look
Paid by daddy's big check book
Your rebellion stands at the back of the club
Inking down notes with the bands bloodWe want justice not politics
We want justice not politicsWhat goes through your mind is a mystery
You watch street bands kickin' history
We're having a say, you're having a go
You're the first to spot a row at a punk showDancing and music's about having fun
Little bit of trouble you turn tail and run
What you once believed in now you take the piss
By word of mouth and negative pressWe want justice not politics
We want justice not politicsWe want justice not politics
We want justice not politics
We want justice not politics
We want justice not politics
