

As I Slither (Live @ Summerbreeze)

Kataklysm

I can't believe it came to this, I live my life with no regrets
Stripped down, from all my dignity, you took it all from me
I rise. Every single time you lie
To me...I'll play that game of hateAs I slither. I slither down your spine. Slither!
I slither down your spine. Slither!
I slither down your spine. Slither!
I'll take all away...I'll take your life away
I'll take it all awayI can't believe it come to this, I live my life with no regrets
Stripped down, from all my dignity, you took it all from meI rise. Every single time you lie
To me...I play that game of hateAs I slither. I slither down your spine. Slither!
I slither down your spine. Slither!
I slither down your spine. Slither!
I'll take all away...I'll take your mind away...Don't try to comprehend me
Don't try to criticize me
Watch me as I slither. As I slither.
Around your neck
