

Glitta

Tyga

Wrist game glitta big chain glitta
Motivate my niggas wake up in the am and chase that skrilla
Hated by many yet the city still mine I just state my opinion
They say how you stay skinny but you stay in the kitchen
They say the shit ain't a game but you playing with the digits
Motivate my niggas can't complain when your chick name Jenner
Wrist game glitta motivate my niggas
Hated by many when these bitches wanna tattoo their name on your dick
And you can't take your bitch nowhere, she so famous
Niggas want more, all I do is motivate 'em
It's all I do, niggas want more, can you blame 'em?
