Kiss My Lips

Fabolous

i was sittin' on the beach, starin' at the nite
pulled out a cigarette, and you were there with the light
what you tryin' to do, lookin' in my eyes
pretty boy step back, you don't wanna take this ride
but if you wanna talk, well first you gotta listen
i ain't like those other girls that you been missin'
i knew it all along, queen of my throne
one of a kind, i'm in a league of my own
and get your hand off my hip, and kiss my lips
kiss my lips, kiss me all over
are you gonna take that risk, take that risk
'cause we're only gettin' older
i said kiss my lips, kiss my lips, and do it all over
i know you weren't expectin' this tonite
but baby that's me
hey, hey, hey, hey, hey, hey, hey (x2)
i feel you gettin' hot, i can see it in your face
bet this is what you want, to finally get a taste
to savour every drop, remember every kiss
you'll only get one shot, and this is it
and i know you've been waitin', since you heard me on your radio station
you know the situation, so boy please?

get your hand off my hip, and kiss my lips
kiss my lips, kiss me all over
are you gonna take that risk, take that risk
'cause we're only getten' older
i said kiss my lips, kiss my lips, and do it all over
i know you weren't expectin' this tonite
but baby that's me
hey, hey, hey, hey, hey, hey, hey (x4)
baby that's me
i know what you want, you know what i need
show me what i came for
there's only one thing you gotta do for me
just promise not to stop when i say so (x2)
and get your hand off my hip, and kiss my lips
kiss my lips, kiss me all over
are you gonna take that risk, take that risk

'cause we're only gettin' older
i said kiss my lips, kiss my lips, and do it all over
i know you weren't expectin' this tonite
but baby that's me
hey, hey, hey, hey, hey, hey, hey (x4)
