

# All I Want

## Pickin' On Series

Don't act surprised, it ain't like you didn't know  
It's been a long long time coming and it's time for me to go  
Tryin' to split things up could drive us crazy  
So I'm gonna make this easy, baby  
You can have the money, you can have the house  
Take the Cadillac and that boat out back  
And your mother's pink and yellow couch  
You can have every penny that I'll make from this here song  
Girl all I want you to leave me is alone  
Don't get me wrong I will always love you, girl  
You were my life you were my heart, you were my world  
But we both know it's over, there's no need to fight it  
Girl I just need some peace and quiet  
So you can have the money, you can have the house  
Take the Cadillac and that boat out back  
And that ugly pink and yellow couch  
You can have every penny that I will make from this here song  
Girl all I want you to leave me is alone  
You can have the money, you can have the house  
Take the big screen and your diamond ring  
And those shoes that you swore you couldn't live without  
You can have every penny that I will make from this here song  
Girl all I want you to leave me is alone  
Girl all I need you to leave me is alone
