

Yodelittle (with Jon Fishman & Jamie Masefield)

[moe.](#)

Yodelittle lady who
Yodelittle lady that I love
Yodelittle lady who
Yodelittle lady that I loveYodelittle lady who gets me up at night
To get a glass of water when you're feeling kind of dry
Yodelittle lady who then asks me with a smile
"Can't you do that later, let's just hang out for a while"Yodelittle lady who
Yodelittle lady that I love
Yodelittle lady who
Yodelittle lady that I loveYodelittle lady who drives me insane
You ask me if I wanna play
And then you quit the game
Yodelittle lady who'll ruin my day
Then ask, "what's the matter hon, is everything okay?"Yodelittle lady who
Yodelittle lady that I love
Yodelittle lady who
Yodelittle lady that I loveYodelittle lady who butters my bread
And then late at night you butter my bread
Yodelittle lady who makes my bed
The only place that I'd rather be insteadYodelittle lady who
Yodelittle lady that I love
Yodelittle lady who
Yodelittle lady that I loveYodelittle lady who
Yodelittle lady that I love
Yodelittle lady who
Yodelittle lady that I loveYodelittle lady who bakes my bean
Boil my potato and make me scream
Yodelittle lady who makes me sing
Dumb songs of loving, 'cause you told me toYodelittle lady who
Yodelittle lady that I love
Yodelittle lady who
Yodelittle lady that I love
