

Let's Make a Movie

Danny Fernandes

[Chorus:]I can make you famous

I can make you famous

Let's make a movie, a movie

Shorty get naked, set it up and tape it

Let's make a movie, a movie

You could be my co-star

Girl I'll take you so far

Let's make a movie, a movie

Lights camera action, I'm ready for some action

Let's make a movie, a movie

[Verse 1:]We can play like actors, know you not a amateur

You can have the lead role, and I'll be the director

Setting up the camera, get into your character

Come up out that little dress, and let me climb on top of ya

Now baby let's just get involved, with the camera

You see that red light, that means I've pressed record

Now mami look it's easy, go ahead, come on please me

Now we can put on repeat, and play it back on t.v.

Let's make a x-rated, sex tape, show the world your head great

Show the world you good with it, back shots, hair pulling

Time for some action, Kimmy Kardashian

Lil camcorder let point it at some action

[Chorus:]I can make you famous

I can make you famous

Let's make a movie, a movie

Shorty get naked, set it up and tape it

Let's make a movie, a movie

You could be my co-star

Girl I'll take you so far

Let's make a movie, a movie

Lights camera action, I'm ready for some action

Let's make a movie, a movie

[Verse 2:]Mami let me get with you, wanna share my bed with you

We can have sex in H.D. digital

It ain't really difficult, let me see your nipples boo

Dance for me baby, just move how the strippers do

My private lil prom queen, doing all the wild things

Never seen yourself giving head on the flat screen

Instant celebrity, natural star to me
Sit back and rewind the part when you was riding me
Ran out of blank tapes, need another blank tape
One more scene and we got ourselves a sex tape
Your friends know I'm filming ya, they seen what I did to ya
We can even use a camera phone like Vivaca
[Chorus:]I can make you famous
I can make you famous
Let's make a movie, a movie
Shorty get naked, set it up and tape it
Let's make a movie, a movie
You could be my co-star
Girl I'll take you so far
Let's make a movie, a movie
Lights camera action, I'm ready for some action
Let's make a movie, a movie
You can be a star
You can be a star
When I'm finish with you girl, you gonna be a star
You can be a star
You can be a star
When I'm finish with you girl, you gonna be a star
[Chorus:]I can make you famous
I can make you famous
Let's make a movie, a movie
Shorty get naked, set it up and tape it
Let's make a movie, a movie
You could be my co-star
Girl I'll take you so far
Let's make a movie, a movie
Lights camera action, I'm ready for some action
Let's make a movie, a movie
