

# Dreaming In Metaphors (Live In Paris)

## Seal

Love serenade,  
Soothe me with the morning sun.  
Help me find someone,  
Peaceful and non-judgemental.  
Holdin' me back,  
And make me feel whole with life.  
And stay the same.  
Life.

Without the pain. Why must we dream in metaphors?  
Try to hold on to something we couldn't understand.

Couldn't understand.  
And why must we argue loudly?  
When peace is our one salvation.  
I couldn't understand  
Couldn't understand

Life without no pain or shame Why must we dream in metaphors?  
We're trying to hold on to something we couldn't understand.
