

# Sugar Noise

## Everclear

I met a girl who was falling down in a fucked up part of a fucked town  
Looking for a damage she could breathe  
Looking for a break through world in me  
I wanna get lost  
Ooo, lost inside your noise  
I wanna get lost  
Wanna get lost in the noise  
I was rolling in the back seat of her boyfriend's car  
I was looking for a feeling of joy I was sure I had lost  
Getting high in the big black sky  
Driving with the lights out in the middle of the night  
I wanna get lost  
Ooo, lost inside your noise  
I wanna get lost  
Wanna get lost in the noise  
I need something pretty that is out of my reach  
I need something bitter, I need something sweet  
I need something new, I think I need a distraction  
So tell me your story  
Like I haven't heard it all before  
You can change the names and the faces  
But never see anything new anymore  
I was broken in the back seat of a dead man's car  
I bought something that I could never take back  
No idea what it costs  
Getting high in the big black sky  
Driving with the lights out in the middle of the night  
I wanna get lost  
Ooo, lost inside your noise  
I wanna get lost  
Wanna get lost in the noise  
I need the world  
Where no one can find me  
Hide me for a while  
Where no one can see  
I wanna live in a place  
Where no one can blame me  
I wanna live in place  
Where I never have to leave

I wanna get lost  
I wanna get lost  
I wanna get lost  
I wanna get lost  
Ooo, lost inside your noise  
I wanna get lost  
Yeah, lost inside your noise  
I wanna get lost  
Ooo, lost inside your noise  
I wanna get lost  
Oh, lost inside your noise  
Hide me  
Hide me  
Hide me  
Hide me
