

# Break (Live On Beta Tv)

## One-Eyed Doll

Play me like a guitar, boy,  
play me like a pretty song.  
Tell me to be quiet, boy,  
tell me not to be too long. Play me like a guitar, boy,  
play me like a pretty song.  
Tell me to be quiet, boy,  
tell me not to be too long. And I gave you silence,  
and I gave you everything!  
And I break my silence,  
and I'm breakin' everything! Take me like one of your pills,  
take me like I'm heroin.  
Take me to get higher, boy,  
I'll help you put the needle in. Take me like one of your pills,  
take me like I'm heroin.  
Take me to get higher, boy,  
I'll help you put the needle in. And I gave you silence,  
and I gave you everything!  
And I break my silence,  
and I'm breakin' everything! And I gave you silence,  
and I gave you everything!  
And I break my silence,  
and I'm breakin' everything!
