

# Where's All The Love

[Rick Springfield](#)

My love, I was talking with a new friend  
And she seemed to understand all my pain  
She said, " I'll make you feel alright,  
And we won't talk of money 'til the morning light"  
And as I rose to leave her she said'  
"I'm sorry Blue, I've got to make my living too"  
And then she turned away

Where's all the love they sing about in all those love songs?  
Where's all the love they talk about in all those movies?  
I'd be your fool if only I could find you  
Where is the love, where is the love, where is the love?

I lived in a mirrored resemblance of another phase...  
And I miss you more and more but I go on  
Living other people's lives and drifting in and out  
Of bed with lawyers' wives  
And all the time I know just what I'm looking for  
'Cause once you lead me to the door  
But I was turned away

Where's all the love they sing about in all those love songs?  
Where's all the love they talk about in all those movies?  
I'd be your fool if only I could find you...

Where is the love, where is the love, where is the love?  
Where is the love, where is the love, where is the love?  
Where is the love, where is the love, where is the love?
