

# He Was Mine

Emmylou Harris

You asked me if I've met your baby, I have to say  
It's been some time now but it seems like yesterday  
He was mine for awhile  
We had good times, we went in style But now he's yours, treat him kind  
Yes, I remember well when he was mine You say, he means the world to you, yes, I can tell  
You'll make each other happy, I wish you well  
He was mine for awhile  
We had good times, we went in style But now he's yours treat him kind  
Yes, I remember well when he was mine  
Yes, I remember well when he was mine He was mine  
He was mine  
He was mine  
...
