

The Price You Gotta Pay

Mr. Big

I could take what I want, but I take what I need
How can I help myself if I need everything?
I get possession with half of the truth
Then change my direction when the bill comes due, yeah
Then I turn around, the man is standing at the door
It's the price, the price you gotta pay
It's comin' down today
At the time it seems so easy
Like any game you play
There's a price for saying maybe
The price you gotta pay
I got here with nothing, I'll leave with a lot
Come on and take a chance now baby
Gimme what you got, yeah
A piece of the action, a slice of the pie
I hope you won't remember when it's time to testify
I turn around to look at you, you're lookin' back my way
It's the price, the price you gotta pay
It's comin' down today
At the time it seems so easy
Like any game you play
There's a price for saying maybe
The price you gotta pay
Hit me! Oh, yeah yeah
Now this is how it all adds up
Rent is due and so are you
I'm here to repossess your soul
Hey, baby, you're deep into the hole
It's the price, the price you gotta pay
It's comin' down today
It started out so easy like a little game
There's a price for saying maybe
The price you gotta pay
Yeah, the price you gotta pay
At the time it seems so easy
Like any game you play
There's a price for saying maybe
The price you gotta pay
