

Torn (Edit)

LeToya

A part of me wants to leave you alone
A part of me wants for you to come home
A part of me says I'm livin' a lie (and I'm better off without you)
A part of me says to think it through
A part of me says I'm over you
A part of me wants to say goodbye
A part of me is asking why

A part of me wants to leave
But a part of me wants to be here with you
And every time I think that we're over and done
You do something that gets me back lovin' you
And you got me just torn

[Chorus:]

Torn in between the two
'Cause I really wanna be with you
But something is telling me that I should leave
You aloneeee (leave you alone, leave you alone)

You got me just torn in between the two
'Cuz I really wanna be with you
But something is telling me that I should leave
You aloneeee (leave you alone, leave you alone)

What hurts the most is when we started out
It was cool it was everything that love's about

But something happened
'Cause I'm feeling so burned out
Becuz I can't understand you now
(I just can't understand you noowww nooo oh)

A part of me says it's all my fault
A part of me says he ain't what you want
A part of me says to get my bags
A part of me says I can't do that

A part of me wants to leave
But a part of me wants to be here with you
And every time I think that it's over and done
You make me fall back in love

You got me just torn between the two

[Chorus:]

So many times I, I was ready to go
So many times I, had my foot out the door
So many times I, I thought to give him a chance
Thought he'd be a better man
Now I'm sitting here and I'm so confused
'Cause I keep fighting myself for you
I don't know how much more I can take
But I can't feel this way
You've got me so torn!

[Chorus:]
