

# Dancing Tonight

[Kat Deluna](#)

I wanna see ya dance like no one's there  
You're all along and you don't care  
'Cause this is your night and  
Let 'em all stare  
Baby tonight  
Turn the music down  
'Cause we'll go dancing, dancing, dancing  
Set this floor on fire  
Throw your hands higher  
Everyone's dancing, dancing, dancing  
We'll be dancing tonight  
Oh I like the sound  
I like how the music turns me out  
Heart beating to the sound of the bass drum  
Feet tapping to the snare on occasion  
Hold me now baby  
Tell me we're all down with a way in  
Don't care about conversation  
Let me see your hands and feel your heartbeat racing  
Baby tonight  
Turn the music down  
'Cause we'll go dancing, dancing, dancing  
Set this floor on fire  
Throw your hands higher  
Everyone's dancing, dancing, dancing  
We'll be dancing tonight  
Music's in my system  
I'm feeling good and baby I've got a mission  
I'm tryin' to turn the club up  
Make the bar light up  
Find a little cutie, cutie for when the club's out  
  
Baby tonight  
Turn the music down  
'Cause we'll go dancing, dancing, dancing  
Set this floor on fire  
Throw your hands higher  
Everyone's dancing, dancing, dancing  
We'll be dancing tonight

Turn the music loud  
We'll be dancing  
Turn this mother out  
We'll be dancing  
Set this spot on fire  
We'll be dancing  
Dancing tonight  
We'll be dancing  
Baby tonight  
Turn the music down  
'Cause we'll go dancing, dancing, dancing  
Set this floor on fire  
Throw your hands higher  
Everyone's dancing, dancing, dancing  
Baby tonight  
Turn the music down  
'Cause we'll go dancing, dancing, dancing  
Set this floor on fire  
Throw your hands higher  
Everyone's dancing, dancing, dancing  
We'll be dancing tonight  
Hey-o, uh huh  
Hey-o, uh huh  
Hey-o, uh huh, uh huh, uh huh  
We'll be dancing tonight
