

What's It To Ya?

38 Special

Billy's got a fast car
You know he works it so hard, 'cause he
Knows it's gonna take him real far tonight
 Betty wears her short dress
 Loves to be the actress
 Lord, it could get reckless tonight
But then a cop pulls 'em over to interrogate
He flashes his lights and gets it in their face
And says "Where do you think you're goin'?"
 What's it to ya?
 We were only takin' in the sights
 What's it to ya?
Can a couple of kids have fun tonight?
 Sounds good to me
 Johnny plays it so loud
 Hangs out with the wrong crowd
Well he plans to make his guitar, his life
 Judy's acting so sweet
 But like little Miss Molly
Ya know she loves to dance and shake it all night
But when he brings her home she's four hours late

Her parents scream, it's your last mistake
 What have you been doin'?
 What's it to ya?
We were only takin' in the sights
 What's it to ya?
Can a couple of kids have fun tonight?
 Heyoo tonight
 Have some fun tonight
 Come on in
 Woo
 I'm rocking now, woo
 Have some fun tonight
 What's it to ya?
We were only takin' in the sights
 What's it to ya?
Can a couple of kids have fun tonight?
 What's it to ya?

Hey
What's it to ya?
The kids are gonna rock tonight
That's right, babe
All night, all night, all night
We'll have some fun tonight
