

# What It Means to Be Loved

Mark Schultz

For five months and eight days my wife and I had waited  
Gettin' ready for our baby girl  
But when he called the doctor said I need to see you  
And could you come in soon  
Then something died inside of me to sit with him and hear  
The tests that said our baby may not live to be a year  
Then turnin' to my wife and he said "whata you wanna do?"  
And she said...

I wanna give her the world  
I wanna hold her hand  
I wanna be her mom for as long as I can  
And I wanna live every moment until that day comes  
I wanna show her what it means to be loved

So we spent each day, watchin' every minute  
And prayin' for our baby girl  
And I will not forget the way I felt that moment  
When she came into this world  
But they took her from the room just  
as soon as she was born  
And watchin' through a window I could see her holdin' on  
When a voice inside me said...

I wanna give her the world  
I wanna be her dad  
I wanna hold her close for as long as I can  
And I wanna live every moment until that day comes  
I wanna show her what it means to be loved

I said everyday  
we've got to bring her home  
she's been out to prove the doctors wrong  
Oh and you should see her now  
she's as pretty as her mom  
And there's a boy at the front door  
waiting just to take her to her high  
school prom...

And he wants to give her the world

Wants to hold her hand  
And someday she may get a wedding band  
But she's gunna live every moment until that day comes  
And we're gunna show her what it means to be loved

Oh yeah (what it means to be loved)

Show her what it means to be loved  
What it means to be loved
