

Giddy On Down

Danny Wooten & Southern Slang

The weekends here and Iâ€™m out there talkinâ€™
To every lady there that was Southern Rockinâ€™
I cast my line at the Whiskey River last night
She caught my eye on top of the ride
Looked at me and said with a smile
Hell yeah, yeehaw, well 8 second ride

Well, seein her ride and watchin here grin
Bout all it took to blow my mind

Giddy on up, giddy on down, cowgirl shake it all around
To the left, to the right, dig your spurs in hold on tight
It feels so good, câ€™mon baby I knew it would
Little country queen is wearinâ€™ a crown
Giddy on down.

Bought us a round as we left the bar, out in the parking lot next to her car.
She looked at me ans said, baby whats on your mind?
I told her what I thought she heard what I said, on the back of my 8 foot jacked up bed.
She said, saddle on up, well Iâ€™m ready to rideâ€™l.

Well, seein her ride and watchin here grin
Bout all it took to blow my mind

Giddy on up, giddy on down, cowgirl shake it all around
To the left, to the right, dig your spurs in hold on tight
It feels so good, câ€™mon baby I knew it would
Little country queen is wearinâ€™ a crown
Giddy on down.
