

# Summerwaste (Youth Version)

**Maximilian Hecker**

Come back and waste me  
This summer is a fight  
Come back and flood me  
This summer every night Come back and chase me  
This summer is too bright  
Come back and scorn me  
This summer's without light Come back to stay Will you constantly go on to veer without a cause  
And yet claiming "I will always be yours?"
