

Chasing Down a Good Time

[Randy Houser](#)

We don't turn out the lights
'Cause the party's never over
We stare down the sun
Make it rise a little slower While everyone else is fast asleep
We'll crank it up
We'll feel the beat
We'll feel the heat
You and me Somewhere in the shadows
In between the street lights
Runnin' with our eyes closed
Chasing down a good time
We ain't got forever
Living for the moment
Any way we want it
Take it like we own it Somewhere in the shadows
In between the street lights
Baby this is our night
Our life
Chasing down a good time
