

# Living and Living Well

[George Strait](#)

Had a nice little life  
A little boat, a little beach, a little routine I liked  
A blue ocean view, free to go with the flow anywhere that I wanted to  
But the moment you set foot on my shore that's when I knew There's a difference in living and living well  
You can't have it all, all by yourself  
Something's always missing 'til you share it with someone else  
And there's a difference in living and living well 'Til you sailed with me, thought that I had it good as good as it  
could be  
From the back of my deck caught a fish caught a breeze  
And a thousand red sunsets  
But sitting here with you girl I just saw the best one yet There's a difference in living and living well  
You can't have it all, all by yourself  
Something's always missing 'til you share it with someone else  
There's a difference in living and living well My days are brighter  
My sky a deeper blue  
My nights are sweeter  
When I'm with you There's a difference in living and living well  
You can't have it all, all by yourself  
Something's always missing 'til you share it with someone else There's a difference in living  
I thought I was living  
There's a difference in living and living well  
Living well, I'm living well
