Drink Up

The Du-Droppers

You know I'm coming over (Yeah Daddy)
Yeah
You know that you like it girl (Yeah)
When I get down when I kiss it girl (Touch me right there, Daddy)
And you really love it when I'm stroking girl (Ooh deeper)
So are you ready for what I can do for you
Just pass my cup and I'm gonna do what you want me to do (Do what you wanna do)
Drink up, drink up, drink up, Girl
(When I'm tipsy)
And if you want a better performance
Drink up, drink up, drink up, Girl
Let me start by kissing you on your navel
(When you're tipsy)
Drink up, drink up, drink up, Girl
Work my way down so you can squirt all on the table
(When you're tipsy)
Drink up, drink up, drink up, Girl
You know that you love when I lay you on your stomach (Huh)
(Touch me right there, Daddy)
That your favorite position because you're getting all the multiple (Huh)
(There Daddy)
Then get on top of me and we'll make it like a rodeo ride
And let me hold you up against that wall
Let me finish what I came to do
Do what you wanna do, Girl
Drink up, drink up, drink up, Girl (I'm in your bedroom)
And if you want a better performance
Drink up, drink up, drink up, Girl
Let me start by kissing you on your navel
(When you're tipsy)

Drink up, drink up, drink up, Girl
Work my way down so you can squirt all on the table
(When you're tipsy)
Drink up, drink up, drink up, Girl
Drink up
All my ladies say ooh, ooh, ooh
Yeah
Now say it again

Say ooh, ooh, ooh, oh
Say it again, say it again now, ooh, ooh ooh, oh
Say it again, ahh
Say ooh, ooh, ooh, oh to me
You can do what you wanna do to me, yeah, yeah, yeah
Drink up drink up drink up for me baby
And if you want a better performance
Drink up, drink up, drink up, Girl
Let me start by kissing you on your navel
(When you're tipsy)
Drink up, drink up, drink up, Girl
Work my way down so you can squirt all on the table
(When you're tipsy)
Drink up, drink up, drink up, Girl
Drink up
Can I here you say ooh, ooh, ooh, oh
Drink up, drink up, drink up, Girl
Say ooh, ooh, ooh, oh
Drink up, drink up, drink up, Girl
You can put a little bit more in your cup, Girl
Drink up, drink up, drink up girl
You can put a little bit more in my cup too, Girl
Drink
